EMPIRE GIVEN AWAY.

Further Investigation of Cameroon Scandal and What It Reveals.

GERMAN OFFICIALS IN A BAD LIGHT

High Personages of Various Nations Were Granted Colossal Concessions For a Mere Song. Details of the Deal.

Berlin, Nov. 23.—Investigation shows that the facts in the Cameroon scandal made public by the Tageblatt, Nov. 13, when that paper said an apparently corrupt deal had taken place by which the chief of the colonial department gave away 80,000 square kilometers of Cameroon soil, and estimated to be worth about 40,000,000 marks, to various high personages, far exceed the Tageblatt's story. The promoters, it appears, first formed a company and soon sold out to a new company formed at Brussels, and made up of Belgians, Englishmen and several Americans, for 18,500,000 francs. The concession, it further appears, really cost them nothing. The first company was named in the concession Sudekamerun. Prince Hohenlohe-Oehringen was one of the original concessioners. For this reason the emperor forced his resignation as chief court chamberlain.

The facts in the most recent grant of a concession are even worse. To a company called the Nordwest-Kamerun territory was conceded larger than Bavaria. It lies in the Hinterland of the Cameroons, is extremely fertile, and includes valuable forests worth 1,000 times the obligations the company assumes towards the empire. The entire financial obligation is only 100,000 marks contribution to the proposed Tchad lake expedition, while there are other undertakings to spend 3,000,000 marks within 10 years in improvement of the tract, to construct roads, steamer lines, plantations and factories, all redounding to the benefit of the company.

The concession was granted for 50 years, which is to be extended for 60 years more if the company, within 12 years constructs a railroad coastwards. At the expiration of the second term the immense tract becomes the company's property absolutely. The company also agrees to pay the government a small share of its net profits. There is no provision that the company, or a majority of its shareholders, must be Germans.

It is understood the whole will be fully ventilated in the reichstag, and that Dr. Von Buschka's days as an official are probably numbered.

Dewey on Merchant Marine.

Cleveland, Nov. 23.—Admiral Dewey in a letter to the Marine Review, concerning the upbuilding of our merchant marine in the foreign trade, says: "I have much pleasure in expressing my belief that the upbuilding and strengthening of the merchant marine will have a very beneficial effect upon the country at large and tend to promote its prosperity. I hope to see everything done that can be done toward the growth and establishment of the merchant marine."

Condition of Iron Market.

New York, Nov. 23.—Discussing the condition of the iron and metal trades, the Iron Age says: "After a long period of the most intense activity, the iron markets have quieted down considerably. This is usual at this season of the year. Many producers are still so far behind in their deliveries that a quieter spell is welcomed as a relief. In raw materials the situation has changed little."

Kentucky Election Muddle.

Louisville, Nov. 23.—The county election board, after hearing arguments on the motion to throw out the vote of the city of Louisville, decided to pass the matter up to the state board, which will convene in Frankfort. The motion to throw out the vote was made by attorneys for the Democratic candidates, claiming the intimidation of voters by soldiers on election day.

With the Royal Set.

Windsor, England, Nov. 23.—Emperor William, the Prince of Wales, the Duke of Connaught and Prince Christian of Schleswig-Holstein shot in the Great park, near Cumberland lodge, where they lunched. The two German princes visited the houses of parliament in London in the forenoon. There was a strictly family dinner at the castle in the evening.

New Incorporations.

Columbus, O., Nov. 23.—Mingo Junction Bowling club, Mingo Junction; D. C. Statler company, Piqua, \$25,000; Wade Park Home school, Cleveland; Up-to-Date Music company, Cleveland, \$2,000; Sperry Trolley Wheel company, Cincinnati, \$25,000.

FUNERAL OF HOBART.

Arrangements Being Perfected by the Family and Public Officials.

Paterson, N. J., Nov. 23.—The arrangements for the funeral of Vice President Hobart are progressing, but on account of the magnitude of the work very little has been completed. Attorney General Griggs will look after the presidential party and cabinet officers. The Hobart family has made no provision for the reception of the remainder of the guests outside of relatives and intimate friends.

Colonel Campbell of the First regiment, National Guards, has granted to the city the privilege of using the armory for the accommodation of soldiers from Governor's Island, who will act as escort to the presidential party and at the funeral.

Nearly all of the manufacturers have decided to close their mills to give their employees an opportunity to view the remains, which will lie in state at Carroll Hall, the home of the Hobart family.

FIVE TRAINMEN CAUGHT.

Second Section of an Express Train Crashes Into the First.

Cumberland, Md., Nov. 23.—The second section of Baltimore and Ohio passenger No. 9, westbound, known as the oyster train, crashed into the first section at South Cumberland, and was badly wrecked. Engineer L. R. Kindle of Baltimore stuck to his post and prevented the telescoping of the passenger section. He was seriously injured and may die. His fireman, Lewis Massey of Baltimore, was terribly scalded and died an hour later. The rear sleeper of the passenger section was wrecked and burned.

Passengers were badly shaken up and out. Conductor Green and Porter Seels of the passenger train and Mail Clerk Reagan were also slightly injured.

Conflicting Report.

Little Rock, Nov. 23.—Reports received from Paris, Logan county, in regard to the storm at Magazine and Booneville are conflicting. One report is that two-thirds of the houses at Magazine were destroyed; that three houses at Booneville, 12 miles northwest of Magazine, were demolished, and that two persons were killed. Another report is that six houses were wrecked at Magazine and that eight persons were injured.

A Tramp's Novel Bath.

Millstone, N. J., Nov. 23.—George Moran is the envy of all the tramps roundabout this section of the country. He fell into a 4,500-gallon cask of rum in the Somerset distillery and swam about in it until almost drowned. Moran broke into the place to get a drink. He leaned down over the big cask and drank it down so far that he lost his balance and fell into the rum. When rescued he asked to be thrown back.

Revolution in Telegraphy.

Chicago, Nov. 23.—Messages were telegraphed from the Tribune office to Milwaukee and back again at the rate of 122,000 words an hour. This feat was achieved by the Pollak-Virag rapid automatic telegraph and was the first demonstration of the invention's capabilities ever made outside of Budapest, Hungary.

Live Stock Association Merged.

Chicago, Nov. 23.—After a sharp debate the American Live Stock association went out of existence by merging into the larger, though newer, organization known as the National Live Stock association. The association represents over \$300,000,000 in capital.

Schooner Ashore.

New York, Nov. 23.—A schooner, supposed to be the government buoy tender Lee, went ashore at Cold Spring harbor, N. J., 10 miles north of Cape May. The lifesaving crew at that point has gone to the vessel's assistance.

Workmen Killed.

New York, Nov. 23.—A gas explosion occurred in a subway at Broadway and Canal streets. Charles O'Neill, an employee of a traction company, was killed. Two other workmen are thought to have been caught.

Hunters of Men.

Plattsburg, N. Y., Nov. 23.—During the deer hunting season, just ended in the Adirondacks, 23 persons were accidentally killed by hunters. The number of deer killed was also larger than usual.

Gathered to His Fathers.

Leipzig, Nov. 23.—Professor Miasowsky, who filled the chair of political economy in the university here, is dead.

Famous Singer Ill.

Paris, Nov. 23.—Yvette Guilbert, the singer, is seriously ill, and has been operated upon for kidney inflammation. The operation was successfully performed.

TO MAKE FINAL STAND

Northern Filipinos Concentrating at Montalban and San Mateo.

CAMP HELD TO BE IMPREGNABLE.

Rapid Advance Telling on the American Troops, Many Temporary Prostrations Attending the March.

Manilla, Nov. 23.—The insurgents from the north are concentrating at Montalban and San Mateo, where it is expected they will make resistance. The Spaniards never occupied these places and the insurgents believe them to be impregnable.

A reconnaissance to the northwest on San Mateo on Tuesday developed the fact that the Filipinos were moving stores and men to Montalban. The number of insurgents is unknown. Another reconnaissance showed that 200 natives are entrenched at San Mateo and others in the valley between there and Marikina, where the insurgent outposts are stationed.

General Young entered San Mateo last September, and found the place not especially adapted for a strong resistance. The general opinion here is that Aguinaldo's army will never again come together in any considerable force, with him in command. The forces under General Lawton and General Young are following so rapidly on his heels into Bayombong that no insurgent capital can be again established.

Captain James C. Castner of the Fourth Infantry, with Lowe's scouts, is making forced marches through the mountains from San Nicholas northeast. General Young, with cavalry and the Macabebes, is moving rapidly from Aringay through difficult passes to Trinidad. They are close on Aguinaldo's small party. A third advance is being made on the road toward Vigan, on the coast.

With Aguinaldo's personal army disposed of, the only insurgent forces left intact are possibly the Museardos, about 1,600 in number, in the mountains west of the railroad; Pio Pilar's 2,000 men, who are east of Manilla in the mountains near Antipolo, and General Trias' force of about 2,000 in Cavite province.

The military problems now facing us are easy of settlement, except the case of Pilar, who can not easily be surrounded. All our troops in the north are living off the country.

These remarkable marches and our rapid advance everywhere is temporarily prostrating a large percentage of our men. General Lawton desires extra troops in order to control every avenue of escape.

General MacArthur has returned to Tarlac and has established his headquarters at Aguinaldo's former residence. During the entire movement from Geron to Dagupan not a shot was fired. The inhabitants of San Carlos met the Americans with a band formerly attached to the insurgent army, and the alcalde (mayor), with General MacArthur and Colonel Bell in a carriage, headed a procession through the town.

Fighting in Panay.

Manilla, Nov. 23.—Severe fighting in the north of Iloilo began Tuesday, Nov. 21. Four Americans were killed and 25 wounded, including three officers. The insurgents are retreating to Santa Barbara, but fighting continues.

Illinois Monuments.

Chattanooga, Tenn., Nov. 23.—The exercises of dedicating the 107 monuments and markers of the state of Illinois on the battlefields surrounding the city were held at Orchard Knob, the site of one of the principal memorial shafts, and famous during the civil war as the headquarters of General Grant. It is estimated that more than 4,000 people attended the exercises. Among the distinguished visitors was Senator Cullom, Governor Tanner and staff, Commissioner of Pensions H. Clay Evans, General H. V. Boynton, representing the secretary of war, and a large delegation from the Confederate camp of this city.

Stopped the Sale.

Santo Domingo, Nov. 23.—The minister of justice has stopped the sale of the late President Heureux's real estate, on the ground that it belongs to the government. Germans hold mortgages on the real estate. The German consul has protested against the action of the minister of justice.

Buffalo, Nov. 23.—The Husted Milling and Elevator company's elevator was burned. The elevator had a capacity of 200,000 bushels and was filled with wheat and corn. Arthur Siskles, an employee, was fatally injured.

ORDERS TO SCHLEY.

He Must Not Direct Any of His Vessels to South Africa.

Washington, Nov. 23.—The Secretary of the navy specially instructs Rear Admiral Schley not to direct any of the vessels of his command to proceed to African waters without instructions from the department. The state department does not desire to have any American men-of-war in South African waters at present, believing that the circumstances might be detrimental to American interests. The instructions to Rear Admiral Schley are very disappointing to his friends.

It is felt to be unwise for the United States to unite in sending warships to South Africa now. There can be little doubt that such action on our part would instantly be followed by the naval powers of the continent and French, Russian and German fleets would follow each other there to the complication of the situation. It is not learned that the attitude of our government has been assumed as the right of any representative government.

Filipino Junta Active.

New York, Nov. 23.—The Filipino junta at Hongkong is becoming more active as the meeting of congress draws near. Senator Fairbanks, in company with all other senators and representatives now in Washington, have received through the mails a pamphlet signed by Felipe Buena-mano, governor, so-called, of foreign affairs of the Filipino republic, setting forth the various reasons why his government should be recognized. The pamphlet has an appendix containing the various dispatches, telegrams and others that passed between the United States representatives in the island at the time of the war with Spain.

To Dump Bryan.

New York, Nov. 23.—Maryland Democrats will lead in an anti-Bryan movement, if any encouragement is offered them by the leaders in this and other eastern states. This fact was announced to Richard Croker by ex-Senator Arthur P. Gorman and Governor-elect John Walton Smith. Senator Gorman is quoted as saying that sufficient number of anti-Bryan delegates would be sent to the next national convention to prevent the Nebraska leader from obtaining the two-thirds vote necessary for a nomination. The opposition may center upon Admiral Schley.

Silver Republicans.

Blackfoot, Ida., Nov. 23.—Former Senator Dubois, who is chairman of the executive committee of the national silver Republicans, has left for Chicago to attend a meeting of his committee Nov. 28. Teller, Towne, Hartman, Congressmen Wilson and Schafroth and other national silver Republican leaders will be present. Mr. Dubois says that the bimetallic issue is still the important issue, and that the next national fight can be won by Bryan and the Chicago platform.

Major Howard's Remains.

San Francisco, Nov. 23.—On board the transport Belgen King, just arrived from the Philippines, is the body of Major Guy Howard of Omaha, who was killed on Oct. 22. He was passing up the Rio Grande river, near Arayat, in a launch, when he was shot by a native concealed along the stream. He was a son of Major General O. O. Howard, retired. The body will be sent to Omaha for interment.

Another Chinese Protest.

Washington, Nov. 23.—Wu Ting Fang, the Chinese minister, has again entered a protest against the action of General Otis in too strictly excluding Chinese from the Philippine archipelago. Instruction has been sent to General Otis to carry out the provisions of the Chinese exclusion law as applied to this country. The effect of this will be that General Otis will modify his regulations.

New College For Girls.

Philadelphia, Nov. 23.—A college for girls that will rival Girard college in beneficence and scope is to be established here by William L. Elkins, the traction magnate of this city. It is pointed out that girl orphans have no such advantages as are enjoyed by boys under the Girard will, and it is the chance to supply this badly needed institution that Mr. Elkins has embraced.

Washington, Nov. 23.—A delegation from Wheeling, W. Va., called on Admiral Dewey and extended an invitation. He was presented by the committee with a superb Sevres jardiniere. Admiral Dewey has received many hundreds of letters and telegrams of sympathy from every section of the country, assuring him that he is not without defenders and expressing their sincere sympathy with him in connection with the recent attack on him.

AT THE BOERS' MERCY

Nearly All of Natal Overrun and the Capital City Threatened.

BRITISH ACTING ON THE DEFENSIVE.

Their Garrison on the Mool River Being Shelled by the Bold Invaders—Mafeking in Desperate Straits.

London, Nov. 23.—The fact that fresh portions of Natal are being overrun daily by the Boers is producing exasperation in that colony and intense humiliation in Great Britain, where the idea of possible violation of British soil was contemptuously dismissed in the early stages of the war.

Operators on the stock exchange here are becoming nervous, and the continued fall in consols exemplifies restlessness of the market. The rumors that a peace deputation from President Kruger is on its way to Cape Town for the purpose of ascertaining the terms upon which an immediate cessation of hostilities could be secured, are discredited here, and it is said that if such a deputation has been sent it will meet with scant courtesy, as those who are conducting the war will be satisfied with nothing less than dictating terms of peace at Pretoria, after a parade of British strength throughout the Transvaal.

In the meanwhile from the scanty and emasculated dispatches which are dribbling in from the front, it is difficult to form an opinion of the true situation. The Boer invaders are occasioning constant surprises. They have already cut off two portions of Ladysmith, relieving forces from their base of supplies, and with great rapidity are advancing on Pietermaritzburg with howitzers and other artillery. General Clery's situation, it would appear, must be becoming intolerable, so serious fighting may be expected at any time, as it is pointed out the general must clear his line of communications in order to complete the concentration of the relieving force.

According to the latest reports from Natal, the artillery duel was recommenced Thursday morning at Mool river. The statement that the British garrison there is only acting on the defensive appears to be an admission of weakness, and it is thought the troops may be at the mercy of the strong Boer forces reported in that neighborhood.

A collision may also be expected on the western frontier within 48 hours, if it is true that General Methuen has started northward, as he is certain to meet entrenched Boers at Belmont and Modder river.

It is reported that Mafeking is suffering from lack of water, and that fever is rife there.

Advices from Lorenzo Marques say Transvaal recruiting agents have been visiting arriving steamers, and have succeeded in enlisting three passengers from the German steamer Kaiser.

A force of Portuguese police has gone to Gazaland, where the natives are acting in a threatening manner, the stores at Kommatipoort having been looted.

The British transports Pavonia and Cephalonia have arrived at Durban with about 3,000 troops, making the total arrivals of the first division 11,500 men. Another 4,000 are expected within a few days.

Camp Being Shelled.

Mool River, Natal, Nov. 23.—The Boer guns began to shell the camp at 5 a. m. The British artillery is in position on high ground to the east, west and north of the station. The artillery duel was continued until 8, when it ceased for an hour. The Boers recommenced at 9 and dropped three shells into the camp. They are still firing at intervals, with no damage, although their aim is good.

British to Advance.

Queenstown, Cape Colony, Nov. 23.—For strategical reasons and to reassure the British population, General Gatacre has decided on a partial forward movement. Several further arrests have been made at Nieuwpoort and in that neighborhood of influential Dutch.

General Buller's Visit.

Cape Town, Nov. 23.—General Buller has started for Natal. He is expected to return here shortly.

Was a Working Republican.

Philadelphia, Nov. 23.—James McManes, 78, who for many years was the acknowledged Republican leader of this city, is dead. Mr. McManes was a delegate to the Republican national convention which nominated Lincoln and to the one which selected Garfield.

WEATHER FORECAST FOR KENTUCKY—Fair Friday; rain Saturday; brisk northeasterly winds.

Mr. T. SWEENEY of this city, a few days ago sold in Cincinnati four hogheads of 1899 tobacco at an average of \$3.17. A Boone County man sold eight hogheads at an average of \$6.39. Farmers will have a hard time "making both ends meet," by raising tobacco at that price. Anything like good tobacco this season ought to command not less than 10 cents, and would do so were it not for the trusts.

THE GRANGE OPPOSED TO TRUSTS.

At a meeting this week the Ohio State Grange, representing the farmers of that great State, adopted the following resolutions:

"The first step is to create public opinion in favor of crushing out these gigantic evils. Petitions against them should be circulated by the granges and should be sent to Congress in order to influence the members.

"If corporate interests have the right to combine in order to suppress profits of agriculture for the purpose of their own greed, then the government of the people, for the people and by the people is a farce.

"Great railroads continue to pool their earnings, to offer special and local rates and to discriminate between shippers.

The National Grange demands a reform in railroad management and also asks Congress to take action in the matter.

"Our advice to the granges on this subject is to agitate, agitate. Let the motto of all granges be freedom from trusts.

"Our order has assumed the aggressive in this warfare against the trusts. Their power must be crushed. It is treason against Christian liberty and Christian civilization to say that trusts cannot be put down. They must be put down or they will destroy the people.

"Freedom from trusts" is in line with one of the principles for which the Democrats will battle in the next national campaign. It will be a gigantic struggle, with the masses against the classes, and if you are opposed to the grasping combines get in line and help down them.

DECKS CLEARED,

And the Democracy Now Ready for a Winning Fight Next Year.

[Toledo News.]

Now that the returns from the great Ohio election are all in some interesting figures and deductions can be made. It will be seen that Nash's plurality over McLean has dwindled down from 60,000 to 48,845 and that instead of 300,000 votes, as his coaches predicted, Jones received only 104,531. But the interesting feature is that Nash is in a minority in the State to the tune of 65,106, on the face of the returns. McLean and Jones won the scattering vote, all of which is against Nash, added to this Nash's minority would be approximately 75,000 in the State. And this is the magnificent endorsement that imperialism, trusts and the British gold standard has received on the eve of a Presidential contest in McKinley's own State.

But the real interesting feature is the ease with which Hanna drove the wedge into the people's forces and defeated them. It is now conceded that all the Jones vote was against the administration. And it is equally certain that with Jones out of the field the Democracy would have received the entire Jones vote. It is safe also to say that more than 60 per cent. of the Jones vote came from voters who knew nothing about Jones' issues and cared less. They wanted to defeat Nash and they were fooled into the idea that to vote for Jones was the way to do that.

That "Indignation" Meeting.

[Dover News.]

The indignation meeting held at Maysville Monday by the "good citizens," was largely composed of the most ignorant class. With files and drums and much halabuloo about as motley a gang of negroes as ever assembled in the court house gathered and mixed with those who would wade in blood nineteen inches deep to purify the elections of Kentucky. It was a disgrace to the citizenship of of Mason County; and the best element of the Republican party so pronounced it.

The work of boring for oil in Fleming County will begin as soon as derricks can be erected. The first will be sunk on the farm of Mr. Charles M. Fleming, Jr., northeast of Flemingsburg.

FALSE LIGHTS

Hung Out By Administration to Aid Wall Street Wreckers to Lure the Public.

[New York World.]

In an able financial article the Tribune points out:

"First, that in times of inflation and over-speculation the rising money rate is a danger signal, warning men not to borrow for speculative purposes and preventing the 'outside public' from rushing on the rocks.

"Second, that the rising money rate which moved the administration to the \$25,000,000 bond call was just such a valuable danger signal.

"Third, that at no time during the 'tightness' was the rate for money raised where the borrower had good security to offer, but only where the security was industrial of doubtful value.

"Fourth, that, to use the Tribune's exact language, 'last week a mighty wave of confidence, impelled by the power of Washington, swept in and overwhelmed call money rate, bearing on its crest the barks of 'the public' and carrying them far up the shore toward the market place.'"

Not a pleasing picture this, is it? It shows the administration as the agent of Wall street wreckers, at their bidding hanging out false lights to lure "the public" onto the rocks of overconfidence and overspeculation. The worst of it is that Mr. Gage on Tuesday said that the administration would be doing just that very thing if it issued that bond call.

And on Wednesday Mr. Gage was down on the beach waving the false light vigorously. By whose orders?

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from frightful death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cents and \$1. Trial bottles free at J. J. Wood & Son's drug store every bottle guaranteed.

THE fall has been especially favorable to the growth of blue grass and wheat. On this point, the Flemingsburg Times-Democrat says: "Seldom has there been such a crop of blue grass as now carpets the pasture fields in this section. Where the land has not been pastured too closely it is a heavy mat of green and succulent blades. Cattle will need little feed before Christmas unless very cold, snowy weather sets in."

OFFICIAL returns have been received at the office of the Secretary of State from 117 of the 119 counties in the State, but will not be made public by Secretary Finley. The two counties yet unreported are Jefferson and Elliott. The count in the latter has long since been completed, and in Jefferson the result will be certified before the end of the week, so that there will be nothing to prevent the meeting of the State Election Commissioners next Monday.

Public Custodian Thompson has fitted quarters on the second floor of the executive building in which the State Board will hear contests after counting the vote in the office of the Secretary of State.

"BOOK DAY"

Oddfellows' Ask Contributions Thanksgiving for the Widow and Orphans' Home.

Thanksgiving Day will be "hook day" with Oddfellows all over the State.

An effort is now being made to furnish the Oddfellows Widows' and Orphans' Home located in Lexington with an appropriate library. There are now no books for the amusement of the inmates during the hours of relaxation.

Grand Secretary of Oddfellows R. G. Elliott is busy mailing cards to all parts of the State, asking contributions of books for the library of this Widows and Orphans' Home. There are a hundred and eighty lodges in the State and to each of these lodges the following card has been sent:

We need a library at our W. and O. Home. To secure one the Board of Directors of the home have selected Thanksgiving Day as "book day" for the Home, and every Oddfellow, his wife, children and friends are requested to send books as a thank offering. Prepay the postage and expressage. You are asked to contribute and ask others to give. M. J. DUNHAM, President.

R. G. ELLIOTT, Sec'y.

A generous contribution is expected from the individual members.

A BEAUTY.

The Editor of the Dover News Gets a Look at Our New Opera House.

[Dover News.]

For the first time we had the pleasure of attending an entertainment at Maysville's new opera house Monday night. It is certainly a beauty when lighted up by the hundreds of brilliant and various colored electric lights. There is not a more complete theatre anywhere. By the way, we admire the custom of the ladies of removing their hats. Any old tousled-head of natural hair looks better than a great big turkey feather or ostrich plume. Right in front of us was the biggest hat of the biggest kind. Every hat in the orchestra circle went down except that one on that beautiful head a few short inches in front of us. The fair owner looks to the right—to the left—and not so much as a high back comb obstructed the view. Then she turned around nervously and looked behind her. Her gaze rested for one brief second on the forlorn looking chub behind her, whose eyes were turned upward in an attitude of prayer and supplication, trying to read John 1. Winter's ad. near the top of the drop curtain. A second hurried glance to the right and left and down came that hat—God bless her. No act of the pleasant performance that followed was more pleasing to the bald headed editor who rejoiced that not a hair of his stood between the stage and those in the rear.

River News.

The Kanawha coal fleet passed down last night.

The Avalon goes to Kanawha river early next week.

Capt. James Dupuy will supersede Capt. Bob Agnew as commander of the Queen City in the Pittsburg and Cincinnati trade. She will pass up to-night.

The Jesse, Convey, Otto Marmet, George W. Moredock, George Matheson, D. T. Lane, W. B. Calderwood, Mt. Clare and R. K. Wells are coming from Point Pleasant with coal.

The largest fleet of coal left Point Pleasant on Tuesday, November 7, 1899, that was ever known to go out of the Kanawha river at one time. There were fifteen towboats and over 200 barges in the fleet, and it went through to Cincinnati without an accident.

The river has been falling at Pittsburg, but good rains have fallen in that section, and it was still raining at Pittsburg Thursday. Good rains have also fallen all along the river, and 5.1 feet at Davis Island and Point Pleasant are the lowest stages reported above. The river is rising from Wheeling down, except at Point Pleasant.

The Executive Committee of the Ohio Valley Improvement Association this week adopted resolutions asking Congress to appropriate \$2,000,000 for the construction of the dams, and \$100,000 for the completion of the survey of the Ohio river from Marietta to Cairo. Another resolution asks the Cincinnati Chamber of Commerce to lend its influence to secure the passage of the necessary bills.

Her Majesty's Corsets.

We take pleasure in announcing that we have obtained the exclusive agency, for this section of Kentucky, for the sale of HER MAJESTY'S CORSETS. This Corset is so extensively advertised, is so highly endorsed by thousands of properly dressed, well-formed women that it requires no further commendation on our part. You'll find it is made of the very best of materials and is guaranteed to retain its shape as long as you wear it. We have in stock four different styles in black and white, and in two qualities. Prices \$2.75 and \$3.25. We also carry at all times a very large stock of R. & G., Armorside, Warner's P. S., P. C. C., Ferris Waists, etc., in all their different shapes and colors, at 50c., 75c. and \$1. Our Corset business is done with a view to satisfy whatever you may need in the Corset line.

Drives in Dress Goods.

The activity in our Dress Goods department has been continuous. With an immense and select stock to choose from, Dress Goods buyers have found it a pleasure and a profit to purchase here. We are still selling 50c. and 75c. wool novelties at 39c. and 50c. respectively. Plaids from 10c. to \$1.95. The 50c. and 59c. goods are worth fully 75c. Henriettas from 29c. to \$1.25. Besides, there are Venetians, Golf Cloths and Serges at exceedingly low prices.

35c. Eiderdowns at 25c.

We bought this lot long before the advance in prices. This timely purchase saves you just ten cents on every yard, judging how others sell the same kind of goods. The colors are pink, blue, tan, white, cardinal. The price 25c. instead of 35c.

MR. POWELL CLOSING TO-NIGHT.

Will Leave in Morning For Louisville To Preach Funeral of a Friend—Hear Him To-night.

Rev. E. L. Powell received a telegram this morning announcing the death of Mr. Charles Terry, of Louisville, a relative of the late Daniel Spalding, and will leave to-morrow morning for that city to preach the funeral. Mr. Powell intended to remain here and continue the revival services at the Christian Church until next Wednesday, and it was with great reluctance that he decided to return home to-morrow morning. Everybody who has heard him will learn with regret that he is to leave.

The sermon to-night will be his closing discourse, and all should avail themselves of this last opportunity, for the present, to hear this gifted and zealous preacher of the Gospel. All members of the church are especially urged to be present to night, and bring your friends. "Almost and Altogether" will be the subject of the sermon.

An Important Difference.

To make it apparent to thousands, who think themselves ill, that they are not afflicted with any disease, but that the system simply needs cleansing, is to bring comfort home to their hearts, as a costive condition is easily cured by using Syrup of Figs. Manufactured by the California Fig Syrup Co. only, and sold by all druggists.

Miss MARY P. CHAMBERS left for Lexington yesterday, where she goes to assume her situation in the State Reform School.

WAREHOUSE MEN

Cannot Charge Tobacco Growers Commissions For Paying For the Product.

FRANKFORT, Ky., November 22.—The Court of Appeals to-day, in the case of the Farmers' Tobacco Warehouse Company, of Louisville, vs. G. C. Minor, from Owen County, decided that a warehouse owner is liable for the statutory penalty if he charges the seller of tobacco a commission for paying him the money for which the tobacco was sold, and that the amount of the penalty so imposed goes to the person aggrieved.

Bad Weather For the Overcoat Trade!

THE LEADING GROCER

BIG CROWD PRESENT.

The "County Fair" at the Y. M. C. A. Proving a Success—Turn Out This Afternoon and To-night.

The rooms at the Y. M. C. A. were thronged last evening until a late hour, the attraction being the novel entertainment and exhibition styled the "County Fair." It is indeed a very delightful place to go and spend a few hours.

The photographic display by the amateurs of city and county is a large and elegant one, in which some very attractive and artistic work is exhibited.

The "mystic maze" proved a great source of amusement for old as well as young. The shooting gallery was also a great source of amusement.

The booths and stands on the upper floor are presided over by ladies from the various churches of the city, and here dainty articles in great variety are for sale.

The lunch counters and booths and the flower stand were very liberally patronized.

The fair continues throughout to-day and until 10 o'clock to-night. The following entertaining musical program will be rendered this evening at 7 o'clock:

Piano solo—Miss Armstrong.
Vocal solo—T. R. Chunn, violin obligato, Miss Rogers.
Recitation—Miss Clunkinbeard.
Piano and violin—Misses Wadsworth and Rogers.
Recitation—Miss Hunter.
Solo—Miss Vaughn.
Violin and piano—Misses Rogers.

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate the stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 60c. at J. J. Wood & Son's drug store.

WONDERFUL SIGHT

Was the Meteoric Shower of 1833, Says an Old Sea Captain.

[Baltimore; American.]

Whether the display of meteors will equal that of 1833 may be doubted, but in order that the reader may judge for himself, an interview with Captain William H. Jenkins, a well-known citizen, who was an eyewitness of the phenomena in that year, is given herewith:

"It was a most appalling and terrifying sight.

"The means of accounting for the extraordinary appearance of luminous projectiles shooting from the heaven down to the earth, as were observed on the 12th and 13th of November, 1833, has not been satisfactorily explained, though attempted by men of science in the new as well as the old world.

"Hence, only those who witnessed the rain of stars have from time to time indulged in abortive attempts to convey to others their remembrance of that heavenly display on November 12, 1833.

"On the night of the 12th of November, 1833, I was about 50 miles from Cape Henry, Va., on board of the ship Harriet, of Baltimore, on our way to Rio de Janeiro. Near midnight and morning of the 13th I became confused, and, surprised at the constant flashing of light in my room in the cabin, as if from faint flashes of lightning, I arose and went upon the deck hurriedly. I became at once blinded and mystified, speechless from the flames of fire raining down from above like a shower of snow, or, rather, hail.

"Standing near the ship's wheel, the Captain and officers of the deck were seemingly stunned. For some moments no one ventured a remark, and it was not until the crew came running aft,

showing signs of distress, that anyone spoke a word.

"The Captain, recovering, first remarked, 'This is a forerunner of something, surely; maybe the end that is promised to come.'

"I shall not attempt to convey the solemnity of all on board of the ship that night; but it was the deep conviction of all that our end was already near. So far as I was able to observe, no one—save myself—showed the least concern how near the end was. Sailors, then, were disciplined men, ever ready for whatever might be their lot, good or evil.

"After an hour or more, finding the apparent fire perfectly harmless, I began to take courage and endeavored to examine its peculiarities. I, as well as others, found that this shower of fire consisted of globules, varying in size from a walnut to a Florida orange—some of them much larger. They all came down in regular, uniform, slanting directions, from south to north, at an angle of about thirty degrees from perpendicular, not crossing each other, but falling gently, then bursting and throwing out in a horizontal direction toward the North a stream of fire, comprising all the prismatic colors, the brightest and most beautiful that can be conceived by men, and then vanishing gradually.

"The largest globe or star I noticed in particular had a dark forest green shade in the background, and from its size was slower in descending, bursting and vanishing. I continued watching the wonderful phenomena until day-breaking had rendered them indistinct, and as the sun rays illumed the Eastern sky made the stars no longer visible."

ENGLAND'S EASY P.O.Y.

Camp of Dervishes Utterly Routed, Four Hundred Being Killed.

Cairo, Nov. 23.—General Wingate, with an Egyptian force, moved from Faiouk to attack the force of Ahmed Fedil, reported to be at Nefissa, 23 miles from the river Nile. The Sirdar, General Kitchener, has telegraphed to Lord Cromer, the British minister, as follows from Omdurman:

"Wingate found Nefissa evacuated, pushed on to Abriaadil, four miles further, and found Fedil's forces encamped. They were forthwith engaged by the mounted troops under Mahon, with four Maxims and two guns and the Jihadieh under Gorrings. The Dervishes charged with all their old dash to within 80 yards of the guns. Wingate, with the infantry, arrived in time to support Mahon and cleared the whole camp. The Dervishes bolted through the bush, pursued by the mounted troops. Wingate estimates Fedil's force at 2,500 men, of whom 400 were killed."

Railway Employees' Demands.

Pittsburg, Nov. 23.—The meeting of the protective board of the Brotherhood of Locomotive Firemen held here during the past two days has developed into a demand for higher wages. A committee from the board called on General Manager L. F. Loree of the Pennsylvania lines west, and proposed a higher rate of wages for the firemen. The demand was taken into consideration. The conductors, brakemen, switchmen and baggage men in the Brotherhood of Railway Trainmen are considering the propriety of making a united demand for an increase in wages.

Order to Postmasters.

Washington, Nov. 23.—The postmaster general has issued the following order: "In honor of the distinguished public services of Vice President Hobart, and in respect of his revered memory, Postmasters throughout the Union are directed to close their respective offices between the hours of 2 and 4 p. m. on Saturday, Nov. 25, the day of the funeral."

Another Delay.

New York, Nov. 23.—The opening of the trial of Roland Molineux was marked by a backward step, instead of progress. Two of the jurors were taken out of the box and excused because of sickness.

Miles' Movements.

New Orleans, Nov. 23.—General Nelson A. Miles, with his party, are here. After an inspection of Forts Jackson and St. Philip, General Miles will leave for Atlanta, and then proceed to Washington.

Shootin' STARS

Are one thing and shootin' game is another. The two subjects scarcely bear any relation to one another, unless it be in the disappointment each affords. Weather conditions sometimes interfere in the meteoric event, while the failure to borrow a neighbor's Gun often postpones the other. This is fine weather and the hunting season is on. No need to borrow now, for we are making prices so low this season that every sportsman can afford to own his own Gun. We sold lots of these goods last fall, but are anxious to make this season's sales the greatest in the history of the house and are offering special inducements to that end. In the matter of

GUNS and Ammunition,

we carry a full line of everything offered by the trade.

Recently we had something to say on the subject of WIRE FIELD FENCE. The large invoice we purchased before the advance in prices has arrived, and we have some convincing arguments in store for prospective buyers who will come in and talk the matter over with us.
